AN AWAKENING.

There has rarely been in the financial history of our land a time when all the conditions of business were near so healthy as now. The Wall Street Journal says that there is immense production without any signs as yet of overproduction. There is unprecedented activity without inflation. There is large and vigorous enterprise without over-promotion. Both capital and labor are well and profitably employed.

The exposures of scandalous conditions in the administration of insurance companies instead of causing fear should be an occasion for rejoicing. It is far better that these disgraceful proceedings should be revealed at this free for fin years fa.50 six months; \$1.25 three time than that they should continue until corruption had worked its complete results in wrecking the companies. It is better that the disclosures should be made now when the country | tional quarantine laws they would not is so presperous that they do not weak - be permitted to sell tickets to any peren public confidence in the solveney of son coming from an infected district. business. Usually such revelations of and desiring to go into territory which maiadministrations come in a time of is infectible. The latter has been depanic or depression. Now they come | fined by the Federal authorities as bein time of prosperity, when the country | ing south of a line running from is prepared to deal with them vigor- Washington through Charlotte. Sparously without their producing a para- | tanburg, Atlanta, Huntsville, then lyzing effect on commercial activity.

ing. There must be a tariff levied on apples sent to Florida, judging from the price.

It is astonishing how some people will sit so still and listen to the most trifling sensation, waiting with bated breath for the climax

When a doctor is called out of a church or theater he feels a relief to know that the "code" permits such methods of advertising.

A great many people pose as "injured innocents," when they are not in the thoughts of the ones they charge with the act. And often offense is taken when none is intended.

A letter has been addressed by the United States Marine Hospital Service to the passenger agents of the railroads operating in Southern territory advising them that under the nanorth to Vincennes, Ind., and then The feature of the situation in our west to the State line between Mis-

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from overexertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart It invigorates and strengthens the heart nerves and nuscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.
